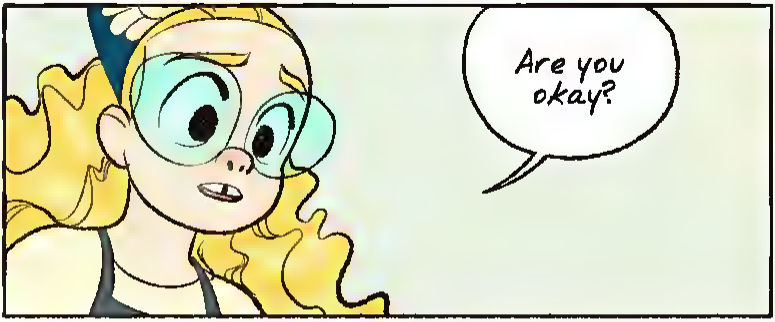
Hello?
Amy!
It's Tamara!
Where are you?
Im--
What?

We're all meeting at my house today, remember?
To build the float?

I am so sorry.
I forgot today was Saturday!
It's okay.
Just set over here when you can.
You made a design, right?
I--

Yes.

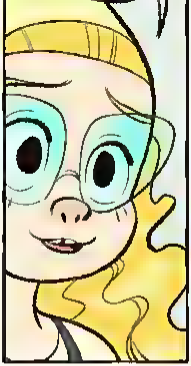
I have a design.



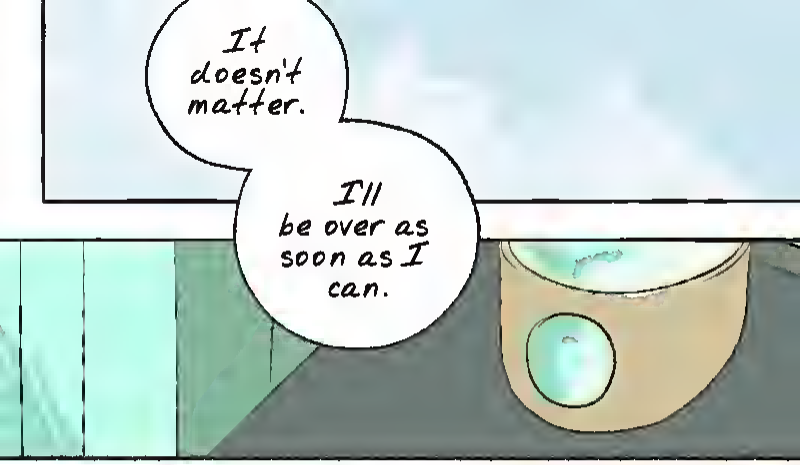
Are you okay?

I was having a weird dream when you called.
I'm fine though.

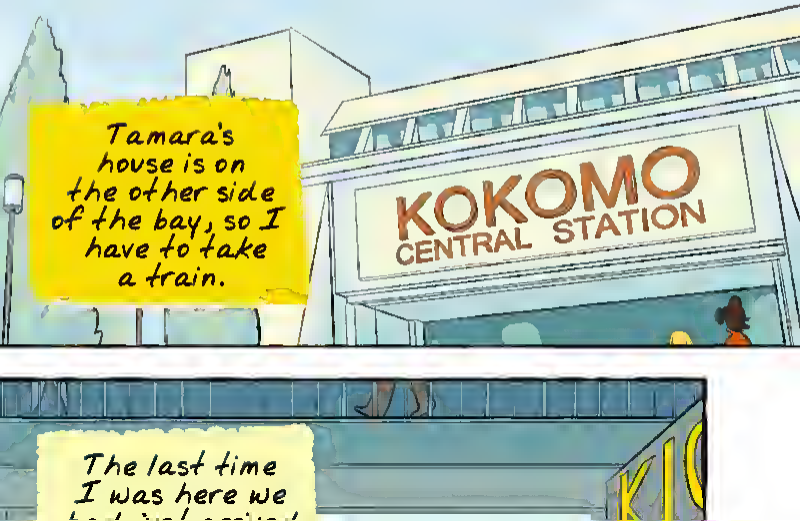
Oh.
What was it about?



I was in a forest, and...
Uh...



It doesn't matter.
I'll be over as soon as I can.



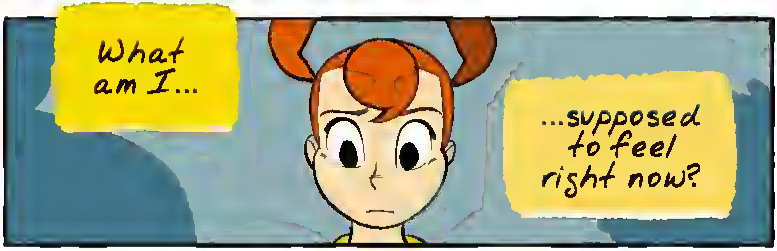
Tamara's house is on the other side of the bay, so I have to take a train.
KOKOMO
CENTRAL STATION
The last time I was here we

had just arrived in Kokomo.

It feels like a lifetime ago.

Welcome aboard Pioneer Railways Northbound Service to Arkolina Depot.

Stops at E Street, Cypress Avenue and Saint Aberdine's.



What am I...
...supposed to feel right now?

I have so many questions about last night.

I want to know who called me.
I want to know what they said to Oliver.
But most of all, I want to know...

Why doesn't Oliver want to be my friend anymore?

He dropped me so easily.
Did he ever really think of me as a friend?
Maybe I did something wrong.
Maybe I hurt him somehow.

I just don't know.
And yet my mind keeps asking why...
Why?
WHY?!

I
need to call
Jemmah.
